

Risk Management Department

Program Vision Statement

To be a creative world-class Risk Management department and research hub inspired to work, think and learn cooperatively to meet the challenges of the future.

Risk Management Mission Statement

- To provide excellent educational experiences for students
- To deliver a unique program and relevant courses
- To meet the needs of local and international communities and markets
- To achieve international recognition for research and education

Program Objectives:

Program Objectives	
PO1.	To develop students' knowledge and learning skills in order to be able to analyze various risk scenarios (financial and non-financial) and the theories behind them.
PO2.	To provide high teaching standards for students both theoretical and practical in order to enable students to link theory with the Best International Standards.
PO3.	To underpin students' business communication skills, teamwork spirit and decision making capabilities.
PO4.	To further the volume and quality of research amongst students in order to instigate innovative, timely and cost effective risk mitigation solutions for different cases.
PO5.	To instill solid business ethics and commitment to social responsibility amongst students.
PO6.	To enhance the interaction between the department and the business communities by providing up-to-date and innovative risk management solutions.

Program learning outcome

Intended Learning Outcomes (ILO's)

ILO1. Demonstrate an understanding of the multidimensional nature and approaches of risk.
